• Active Minds and Mindful Mondays
  ○ Promote these clubs on campus
  ○ Partner with them to increase mental health awareness and positivity (campus culture)
  ○ Representatives attend club/committee meetings

Questions, concerns, announcements

• We are moving office hours out of the USG Office and into Periodic Table
• Should we forgo the addition of printers in favor of increasing the prints per person?
• How can I send an email to all First Year Students? I am concerned that most of our class is receiving sophomore emails
• Overall, how can campus improve communication?
• How can we best partner with Active Minds and Mindful Mondays?

Monthly summary

We are changing the location of Office Hours (Wednesdays 4:30-6:30 pm) to the Periodic Tables in an effort to increase interactions between representatives and constituents. This year, our main goals are communication, positive culture, and student involvement. Current focus is on the expansion of oreprint, communications with Admissions, and the Roundtable event. We will continue to contribute to DiggerDrive, “What’s your Beef?”, and 3QR.
